

EDGE

Hotknife

Perfect, Sealed Edges Every Time!

The **Sailrite Edge Hotknife** is designed to cut lengths of rope, webbing, bands, or synthetic fabrics and cords that would fray when cut with scissors. The hot cutting blade heats up in seconds and cuts quickly and precisely while providing a clean, sealed edge. The Edge Hotknife is perfect for the workshop or boat!

EDGE

Hotknife

A great tool for cruisers, the Edge has a maximum power draw of 60 watts and will easily run off an inverter.

Extra long 9.5-foot power cord

Trigger operated to control heat

Heats up in 4-6 seconds

WARRANTY: 1 year warranty

Loss of fabric due to trimming frayed edges can cause pattern pieces to become inaccurate.

With scissors, messy glues are often needed to seal cut edges.

Cutting with scissors can be slow and create uneven lines.

Look Familiar?

Scissors leave behind frayed edges that make projects look messy and unprofessional.

The Sailrite Edge Hotknife Difference

The Edge Hotknife seals while it cuts! Create clean, professional edges on a variety of materials so that they will not fray or show wear over time!

The included cutting foot allows you to use the hotknife anywhere without damaging your tabletop surface!

The Edge can cut through several layers of fabric at once to create duplicate patterns.

Dacron Sailcloth

100% Polyester

100% Nylon

Sunbrella Fabric (Acrylic)

Rope

Plastic Zippers

Webbing

Sailrite Edge Hotknife Warranty

Sailrite warrants the hotknife (with exception of the blades) for a period of 1 year starting from the date of sale. The guarantee is given against defects in material and workmanship. This warranty is voided by improper use, disassembly, repair, or alteration by owner or unauthorized parties.

Get Started Today!

The Edge Hotknife Package comes with everything you need to create sealed, professional edges.

← The Sailrite Edge Hotknife Package

Includes the Edge Hotknife body, R blade **A**, cutting foot **B**, wire brush, hex key and plastic carrying case.

#103800 (U.S. 110 Volt) \$139.95/EA

#103799 (European 220 Volt)..... \$139.95/EA

- A** R Blade
Designed for cutting lengths of rope, webbing, synthetic fabrics, bands, and cords. Allows you to cut straight lines as well as shapes and patterns.
- B** Cutting Foot
Eliminates the need for a sacrificial cutting surface. Cut canvas without leaving black gouges and cut marks.

F Blade (sold separately) ➡

A wide, 55mm cutting blade specially designed for making quicker, straighter cuts of webbing, rope, and narrow tape and trim. Cut through materials less than 2-inches wide with one straight cut.

#104097 \$25.95/EA
